

## A Program of Empower Peace

### Women2Women – America 2016 International Leadership Program

July 21 – July 30, 2016

Wheelock College

Boston, Massachusetts, USA

## STUDENT APPLICATION FORM

### Conference Information

The Women2Women International Leadership Program (W2W 2016) is a program of Empower Peace. W2W 2016 is an opportunity for young women ages 15-19 to participate in an educational cultural exchange in Boston, Massachusetts, USA. W2W 2016 will provide participants with the educational opportunity to learn, network and acquire leadership skills that will empower them to make a difference in their respective communities and countries. Participants will also have the opportunity to meet and develop friendships with their peers from around the world.

Over the past 11 years, more than 900 young women from over 60 countries have participated in the program since 2006. **APPLICATION DEADLINE: FRIDAY, APRIL 15, 2016 AT 5:00 PM.**

### **Women2Women – America 2016 International Leadership Program**

The Women2Women – America 2016 conference will focus on how you can “Claim Your Seat at the Table” and empower other young women to do the same. You will have the opportunity to learn about the current status of women and girls around the world, as well as the social and economic progress that is possible when women and girls have the opportunity to participate fully in every aspect of society. You will meet with leading figures tackling these challenges on an international scale, and develop your leadership skills so you can make a difference. Perhaps most importantly, you will be joining a lifelong, global network of young women who support each other and work together to contribute to positive change around the world.

### *The Challenges*

Despite much progress, women and girls are still the most discriminated-against group in the world. Consider these facts:

- Of the 1 billion people living in absolute poverty around the world (unable to secure basic life necessities), 60% are women and girls.
- Women contribute 2/3 of the world’s working hours, yet earn only 10% of the income.
- An extra year of primary school education boosts a girl’s eventual wages by 10-20%. An extra year of secondary school adds 15-25%.
- There are 31 million girls of primary school age not in school. Of these, 17 million are expected never to enter school
- Worldwide, nearly 50% of all sexual assaults are against girls aged 15 years of younger.
- 1 in 3 girls will experience some form of violence in their lifetime.

- Around the world, 120 million girls under 20 have experienced forced sexual intercourse or some other form of sexual violence.
- Every year 800,000 people are trafficked across national borders. 80% of the victims are women. 50% of the victims are minors.
- 1 in 7 girls in the developing world will be married before her 15<sup>th</sup> birthday.
- Every minute of every day a pregnant woman dies from mostly preventable causes.
- Women earn 79 cents to every dollar earned by a man.

Unfortunately, there is *no* community in the world that is untouched by these issues. It's time to come together and make a difference.

### ***The Solutions***

While the statistics above are shocking, so too are the results when women and girls are able to participate fully in society. Women involved in the political, social, and economic life of their countries and communities are better-positioned to increase attention for women's rights. Simply providing women and girls with an education can lead to healthier families and children, less poverty and stronger national economies. Education also equips women with the knowledge and skills needed to realize their potential and protect themselves from harm. By participating in W2W 2016, you will learn how to claim your seat at the table and become part of the solution.
